

# Purchase and Logistics Assistant

DELFT, THE NETHERLANDS

## About Meatable

We are on a mission to make 100% real, delicious meat, without the negative impact on our climate and the need to raise and slaughter animals.

The Meatable approach for creating 'cell-based' meat is based on ground-breaking proprietary technology that was developed at The University of Cambridge and allows us to turn induced pluripotent stem cells (iPSCs) into muscle and fat cells, creating 100% real, delicious, guilt free meat. We use iPSCs because they have amazing benefits that enable affordable, at scale production (e.g. they are pluripotent, grow completely serum free, have unlimited proliferation capacity and can grow in suspension). With our technology, scalable cell-based meat production is becoming a reality.

We are a young and fast-growing company and are entering our next wave of growth. Given our size, new team members will be a huge part of our motivated multidisciplinary team. Our culture encourages everybody on the team to actively shape their position and we provide ample opportunities for personal and professional growth.

# Purchase and Logistics Assistant

**DELFT, THE NETHERLANDS**

## About the role

We are seeking a highly motivated purchase and logistics assistant who wants to be the backbone of our ordering process. Someone who will take care of our equipment and keeps our company tidy and organized. As a key member of our operational team you will be working closely with all the research personnel and the operational manager. We are looking for a true generalist that is a pragmatic and flexible team player since you will be working in a fast-growing start-up where things can and will change quickly.

Your main responsibilities will include the ordering and maintaining of the stock for the laboratories and offices. This includes contact with vendors but also the improvement of our supply chain. Next to that you will order equipment and arrange its maintenance and (re)-calibration.

If you feel you match this profile, you get enthusiastic when you see ordering sheets and want to make them perfect and if you thrive in a highly motivated multi-disciplinary team, you are just the person we are looking for!
